FS Funding A/S - High Yield Notes due 2016

ISS Global A/S - Euro Medium Term Notes due 2010 and 2014

ISS launches operations in the U.S.

ISS has entered the U.S. by acquiring Sanitors, Inc. with annual revenues of DKK 1.8 billion and operations nationwide in the world's largest economy.

Copenhagen, 23 May 2007 – On 8 May 2007, FS Funding A/S (“FS Funding”) announced that it had a potential market entry in the US in the pipeline of potential acquisitions.

Today, ISS A/S announced its acquisition of Sanitors, Inc., a U.S. provider of cleaning, building maintenance, landscaping, bridge tending and security services with annual revenues of approximately DKK 1.8 billion and 10,000 employees.

The acquisition is subject to customary closing conditions.

The announcement by ISS A/S is enclosed with this release.

Press Release

ISS launches operations in the U.S.

ISS enters the U.S. market by acquiring Sanitors, Inc., a provider of cleaning and other facility services with annual revenues of DKK 1.8 billion and operations nationwide in the U.S.

Copenhagen, 23 May 2007 – The ISS Group today announced that ISS is launching operations in the U.S. through the acquisition of Sanitors, Inc., a major U.S. provider of cleaning and a range of other facility services.

Sanitors, Inc. has annual revenues of approximately DKK 1.8 billion, 10,000 employees and a service offering in cleaning, building maintenance, landscaping, bridge tending and security. The company operates through 8 divisions in 42 of the country's 50 states.

ISS Group CEO Jørgen Lindegaard said: "By starting up operations in the U.S., ISS has fulfilled one of its most important strategic goals. We cannot pursue our ambition to lead facility services globally without operating in the world's biggest economy. The U.S. economy has enormous potential for outsourced facility services, and ISS wants to explore the opportunities as an important part of the Group's continued expansion."

"Sanitors, Inc. is the right company to provide us with a new U.S. platform. It has a great reputation in the market and is a quality service provider. It has nationwide coverage and a consistent financial performance", Jørgen Lindegaard said. "Furthermore, Sanitors is the right match for ISS, in terms of size, service mix and corporate culture. This is a large acquisition providing ISS with the necessary market leverage from the outset, yet it has a manageable size in line with our general acquisition strategy," he added.

During the last 5 years, Sanitors, Inc. has grown revenues by 20% annually, and the company's organic growth and operating margin are in line with that of the ISS Group.

Sanitors Inc. was founded by its current CEO, Mr. Darrel Glover, in 1978. Mr. Glover, who will continue as CEO and Country Manager of the new ISS Facility Services Inc., said, "This is a great opportunity to maximize our potential within the U.S. market. Our current range of services combined with ISS' global reach and expertise will open up new opportunities for us to provide our clients with a wider range of solutions and eventually a one-stop-shop for all their facility service needs.

"I founded Sanitors 30 years ago and have seen it grow to what it is today. I cannot think of a better new owner and business partner than ISS. As a part of ISS, we will gain access to global best practices and new opportunities will become available to our employees as our company develops", Mr. Glover added.

The acquisition agreement was signed in San Antonio, Texas, the home of Sanitors' headquarters. The acquisition is expected to be closed during June, 2007.
